

# Human CD158i/KIR2DS4 antibody

Catalog Number: AKR0504

## PRODUCT INFORMATION

---

**Catalog number**

AKR0504

**Clone No.**

5F2

**Product type**

Monoclonal Antibody

**UnitProt No.**

P43632

**NCBI Accession No.**

NP\_036446

**Alternative Names**

Killer cell immunoglobulin like receptor two Ig domains and short cytoplasmic tail 4, Killer cell immunoglobulin-like receptor 2DS4, CD158 antigen-like family member I, Natural killer-associated transcript 8, NKAT-8, P58 natural killer cell receptor clones CL-39/CL-17, p58 NK receptor CL-39/CL-17, KKA3, cl-39

## PRODUCT SPECIFICATION

---

**Antibody Host**

Mouse

**Reacts With**

Human

**Concentration**

1mg/ml (determined by BCA assay)

**Formulation**

Liquid in. Phosphate-Buffered Saline (pH 7.4) with 0.02% Sodium Azide, 10% glycerol

**Immunogen**

Recombinant human KIR2DS4 (23-223aa) purified from E. coli

**Isotype**

IgG2b kappa

**Purification Note**

By protein-G affinity chromatography

**Application**

ELISA, WB

**Usage**

The antibody has been tested by ELISA and Western blot analysis to assure specificity and reactivity. Since application varies, however, each investigation should be titrated by the reagent to obtain optimal results.

# Human CD158i/KIR2DS4 antibody

Catalog Number: AKR0504

## Storage

Can be stored at +2C to +8C for 1 week. For long term storage, aliquot and store at -20C to -80C. Avoid repeated freezing and thawing cycles.

## BACKGROUND

### Description

The KIR family consists of transmembrane glycoproteins of the Ig superfamily expressed on human Nk cells and a subset of human T cells which they are involved in recognition of either MHC class I molecules or unknown ligand on target cells and inhibit cytotoxic activities. KIR2DS4 is an activating receptor of KIR family.

## DATA

### Western blot analysis (WB)

The recombinant proteins (100ng) were resolved by SDS-PAGE, transferred to PVDF membrane and probed with anti-human KIR2DS4 antibody (1:1,000). Proteins were visualized using a goat anti-mouse secondary antibody conjugated to HRP and an ECL detection system.
