## **PRODUCT INFORMATION**

Catalog number ATGA0233

Clone No. AT2B11

Product type Monoclonal Antibody

**UnitProt No.** Q96DG6

NCBI Accession No. NP\_620164

Alternative Names Carboxymethylenebutenolidase homolog

## **PRODUCT SPECIFICATION**

Antibody Host Mouse

Reacts With Human

Concentration 1mg/ml (determined by BCA assay)

# Formulation

Liquid in. Phosphate-Buffered Saline (pH 7.4) with 0.02% Sodium Azide, 10% glycerol

#### Immunogen

Recombinant human CMBL (1-245aa) purified from E. coli

# lsotype

lgG2a kappa

**Purification Note** By protein-G affinity chromatography

## Application

ELISA,WB

## Usage

The antibody has been tested by ELISA and Western blot analysis to assure specificity and reactivity. Since application varies, however, each investigation should be titrated by the reagent to obtain optimal results.

#### Storage

NKMAXBiO We support you, we believe in your research Human CMBL antibody Catalog Number: ATGA0233

Can be stored at +2C to +8C for 1 week. For long term storage, aliquot and store at -20C to -80C. Avoid repeated freezing and thawing cycles.

## BACKGROUND

### Description

CMBL (carboxymethylenebutenolidase homolog) is a 245 amino acid cytosolic protein and cysteine hydrolase of the dienelactone hydrolase family that is highly expressed in liver cytosol. CMBL is the human homolog of Pseudomonas dienelactone hydrolase, a protein that participates in the bacterial halocatechol degradation pathway. That is ubiquitously expressed with high expression in liver, colon, kidney and small intestine, where it acts as a bioactivating enzyme for a prodrug type angiotensin II type 1 receptor antagonist known as olmesartan medoxomil. CMBL is inhibited by p-chloromercuribenzoate (PCMB).

### DATA

#### Western blot analysis (WB)

The cell lysates of HeLa (40ug) were resolved by SDS-PAGE, transferred to PVDF membrane and probed with anti-human CMBL antibody (1:500  $\sim$  1:5000). Proteins were visualized using a goat antimouse secondary antibody conjugated to HRP and an ECL detection system.
