# **Human PRPS1 antibody**

Catalog Number: ATGA0586

### **PRODUCT INFORMATION**

### Catalog number

ATGA0586

#### Clone No.

AT1E11

## **Product type**

Monoclonal antibody

#### UnitProt No.

P60891

#### **NCBI Accession No.**

NP 002755

#### **Alternative Names**

Ribose-phosphate pyrophosphokinase 1, ARTS, CMTX5, PPRibP, PRSI, DFN2, DFNX1, Ribose-phosphate pyrophosphokinase 1 EC 2.7.6.1, KIAA0967, Phosphoribosyl pyrophosphate synthetase I, PRS I, PRS-I, Ribose phosphate pyrophosphokinase I

#### **Additional Information**

This product was produced from tissue culture supernatant.

### **PRODUCT SPECIFICATION**

## **Antibody Host**

Mouse

#### **Reacts With**

Human

#### Concentration

1mg/ml (determined by BCA assay)

#### **Formulation**

Liquid in. Phosphate-Buffered Saline (pH 7.4) with 0.02% Sodium Azide, 10% glycerol

### **Immunogen**

Recombinant human PRPS1 (1-318aa) purified from E. coli

# Isotype

IgG2a kappa

# **Purification Note**

By protein-A affinity chromatography

## **Application**

ELISA, WB, ICC/IF

# NKMAXBIO We support you, we believe in your research

# **Human PRPS1 antibody**

Catalog Number: ATGA0586

#### **Usage**

The antibody has been tested by ELISA, Western blot and ICC/IF analysis to assure specificity and reactivity. Since application varies, however, each investigation should be titrated by the reagent to obtain optimal results.

#### **Storage**

Can be stored at +2C to +8C for 1 week. For long term storage, aliquot and store at -20C to -80C. Avoid repeated freezing and thawing cycles.

#### **BACKGROUND**

#### **Description**

PRPS1 is an enzyme that catalyzes the phosphoribosylation of ribose 5-phosphate to 5-phosphoribosyl-1-pyrophosphate, which is necessary for purine metabolism and nucleotide biosynthesis. A mutation in PRPS1 may result in PRPS superactivity, a disease characterized by gout and the overproduction purine nucleotides, uric acid and PRPP. PRPS1 mutations can also lead to a reduction in PRPS1 activity resulting in ARTS syndrome or CMTX5 (Charcot-Marie-Tooth disease X-linked recessive type 5).

# **DATA**

Western blot analysis (WB)

# **Human PRPS1 antibody**

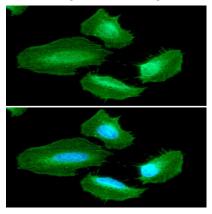

Catalog Number: ATGA0586

The cell lysate (40ug) was resolved by SDS-PAGE, transferred to PVDF membrane and probed with anti-human PRPS1 antibody (1:1000). Proteins were visualized using a goat anti-mouse secondary antibody conjugated to HRP and an ECL detection system.

Lane 1.: 293T cell lysate

# Immunocytochemistry/Immunofluorescence (ICC/IF)

ICC/IF analysis of PRPS1 in HeLa cells. The cell was stained with ATGA0586 (1:100). The secondary antibody (green) was used Alexa Fluor 488. DAPI was stained the cell nucleus (blue).
